A FABULOUSLY SUCCESSFUL TOTAL SYSTEM FOR NEW BIG CHEST INCREASE

GUARANTEED YOU MUST INCREASE CHEST MEASUREMENTS 2 TO 4 INCHES IN JUST 14 DAYS OR YOUR MONEY BACK!

FREE! crushing vice-grip course

Why is this approach to muscle building world famous—? We are perhaps the only successful bodybuilders who concentrate on a big chest first and offer the complete total system in a complete kit. NOTHING ELSE TO BUY!

Results are not uniform and vary with user. You increase at your own pace.

ONLY $7.95 NOTHING ELSE TO BUY!

Guys with big chests command respect. A big chest warns: "Don't tangle with me!" *Girls love to be seen with guys who look like* [illegible]

BIG CHEST FIRST! OTHER BODY MUSCLES LATER!!

We are so absolutely confident you will regard our total system as your fantastic success story that if you do not see 2 to 4 new inches in just 14 days, return valuable kit for full, immediate refund. *Why is our kit famous—?* It is our belief this renowned method is the world's most effective bodybuilding plan because it lets you attain *a big chest first.* Then at your own convenience, add a total of 6, 8, 10, 12, 16, 20 inches on chest, back and shoulders. Fantastic!

For the man or boy whom fate denied a beautiful, strong body, help is here! How—? Our new easy system in complete packaged kit with our world famous pectoral chest developer lets you attain enormous chest measurements *fast!* Then at your own convenience, *add a total of 6, 8, 10, 12, 16, 20 inches on your chest, back and shoulders.*

Research has shown the chest is the dynamic focal point, the power center of the physique, around which your entire bodybuilding program can be structured. If your chest is small or scrawny, body development can be slow, almost never ending. *When your chest becomes big, other muscles can be built up superfast! A big chest first! Always!*

Research shows people usually judge a guy by the size of his chest. Why—? Look around. Do guys parade about town in swim suits? No! Everybody wears clothes. While your other muscles can be hidden under clothing, *a big chest stands out at first glance.* Your stomach, thigh and leg muscles can be concealed under pants. Arm muscles can be hidden under sleeves. But a big chest is an attention-getter. It can indicate virility, dynamism and courage.

FREE! crushing vice-grip course

What does our exclusive, chest building kit include—? Our copyrighted, illustrated method-course to increase chest measurements fast, plus an engineered pectoral chest building mechanical aid, sold for many, many years the world over.

when I planned to **retire before fifty**

this is the business that made it possible

a true story by John B. Haikey

Starting with borrowed money, in just eight years I gained financial security, sold out at a profit and retired.

"Not until I was forty did I make up my mind that I was going to retire before ten years had passed. I knew I couldn't do it on a salary, no matter how good. I knew I couldn't do it working for others. It was perfectly obvious to me that I had to start a business of my own. But that posed a problem. What kind of business? Most of my money was tied up. Temporarily I was broke. But, when I found the business I wanted I was able to start it for a small amount of borrowed money.

"To pyramid this investment into retirement in less than ten years seems like magic, but in my opinion any man in good health who has the same ambition and drive that motivated me, could achieve such a goal. Let me give you a little history.

"I finished high school at the age of 18 and got a job as a shipping clerk. My next job was butchering at a plant that processed boneless beef. Couldn't see much future there. Next, I got a job as a Greyhound Bus Driver. The money was good. The work was pleasant, but I couldn't see it as leading to retirement. Finally I took the plunge and went into business for myself.

"I managed to raise enough money with my savings to invest in a combination motel, restaurant, grocery, and service station. It didn't take long to get my eyes opened. In order to keep that business going my wife and I worked from dawn to dusk, 20 hours a day, seven days a week. Putting in all those hours didn't match my idea of independence and it gave me no time for my favorite sport—golf! Finally we both agreed that I should look for something else.

"I found it. Not right away. I investigated a lot of businesses offered as franchises. I felt that I wanted the guidance of an experienced company—wanted to have the benefit of the plans that had brought success to others, plus the benefit of running my own business under an established name that had national recognition.

"Most of the franchises offered were too costly for me. Temporarily all my capital was frozen in the motel. But I found that the Duraclean franchise offered me exactly what I had been looking for.

"I could start for a small amount. (Today, less than $1500 starts a Duraclean dealership.) I could work it as a one-man business to start. No salaries to pay. I could operate from my home. No office or shop or other overhead. For transportation, I could use the trunk of my car. (I bought the truck later, out of profits.) And best of all, there was no ceiling on my earnings. I could build a business as big as my ambition and energy dictated. I could put on as many men as I needed to cover any volume. I could make a profit on every man working for me. And I could build little by little, or as fast as I wished.

"So, I started. I took the wonderful training furnished by the company. When I was ready I followed the simple plan outlined in the training. During the first period I did all the service work myself. By doing it myself, I could make much more per hour than I had ever made on a salary. Later, I would hire men, train them, pay them well, and still make an hourly profit on their time that made my idea of retirement possible—I had joined the country club and now I could play golf whenever I wished.

"What is this wonderful business? It's Duraclean. And, what is Duraclean? It's an improved, space-age process for cleaning upholstered furniture, rugs and tacked down carpets. It not only cleans but it enlivens and sparkles up the colors. It does not wear down the fiber or drive part of the dirt into the base of the rug as machine scrubbing of carpeting does. Instead it *lifts out* the dirt by means of an absorbent dry foam.

"Furniture dealers and department stores refer their customers to the Duraclean Specialist. Insurance men say Duraclean can save them money on fire claims. Hotels, motels, specialty shops and big stores make annual contracts for keeping their carpets and furniture fresh and clean. One Duraclean Specialist signed a contract for over $40,000 a year for just one hotel.

"Well, that's the business I was able to start with such a small investment. That's the business I built up over a period of eight years. And, that's the business I sold out at a substantial profit before I was fifty."

The Mighty Meat Snack conquers The Horrible Hungries.

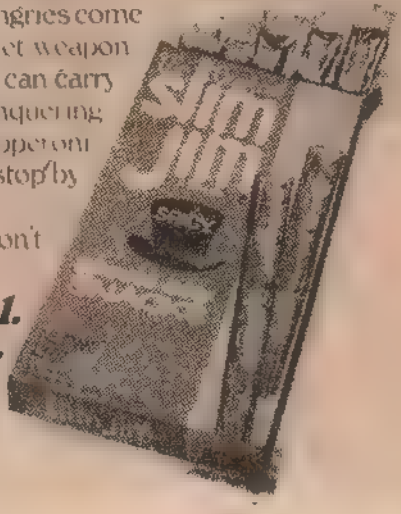
You've tangled with the Hungries before. They sneak up behind you at the library, and make your stomach growl until your face turns red. They strike when you're halfway home from school, at least ten minutes from the nearest sandwich.

If you want to be ready next time the Hungries come around, try taking along your pocket-size secret weapon, Slim Jim.® The mighty meat snack you can carry anywhere and eat anytime. In six Hungries-conquering flavors—mild, spicy pizza, bacon, salami, pepperoni.

So pick up Slim Jim the next time you stop by the grocery store.

If you don't, and the Hungries get you, don't say we didn't warn you.

A little less than a meal. A little more than a snack.



® Slim Jim is a registered trademark for meat snacks.

A QUAFF OF QUIXOTIC QUIPS TO QUENCH YOUR QUAKES AND QUANDARIES!

Hi, gang. Big news this month. It seems you just can't keep a good writer down. Remember when Rascally Roy Thomas gave up his editorship last year because he wanted to return to scriptwriting? Well, it looks like Marvel-ous Marv Wolfman got bitten by the same bug. Ol' Marv is swapping our editor's chair for a full-time writing schedule here at the bullpen. But, not to worry, chappies. With all the indescribable talent running rampant in the hallowed halls of Marvel, we're sure to come up with another winner! In fact, we've already practically decided who our editorial ramrod will be—but, just to keep you guessing, we'll announce the big decision next ish! We'll tell you this much, however—you'll flip when you learn the name! Anyway, how can we go wrong with the greatest group of artists, writers, and editors ever assembled! With a staff like ours, no wonder they call me Smilin' Stan! And, if all that still isn't enough, Larrupin' Larry Lieber, who gave his all for Atlas Comics not long ago (remember them?), has also come aboard to handle the letters which we produce for an ever-growing army of Marvel fanatics in Great Britain. Wouldja believe they're on sale weekly over there; so we're bettin' that Larry'll be kinda busy. And, speaking of keeping busy, there's a great new book on sale, brought to you by the ever-lovin' Simon & Schuster book publishers, called THE MIGHTY MARVEL SUPERHEROES FUN BOOK. It sells for $2.95, and it's a giant collection of puzzles, riddles and games, all based on the stories and characters in Marvel Comics! Every page contains brand-new material, it'll keep you busy for hours, and you'll find it at bookstores, airports, and wherever strictly sensational books are sold. It's bound to be a treasured collectors item—after all, it's got the longest title this side of Yancy Street! And now, without any further ado (we used up all our ado last week), I'll turn you over to our Armadillos with this one last admonishment—never tangle with a ten-ton truck, 'cause it might belong to Howard the Duck!

Excelsior!

Stan

ITEM! Rascally ROY THOMAS dropped into the Bullpen the other day, fresh from a sojourn to the ever-popular Pacific Coast. As he's wont to do, our favorite Editor Emeritus came back bursting with new ideas—not the least of which is a planned relocation to Los Angeles, where he'll join JACK "King" KIRBY and Madman MIKE ROYER as a premiere member of Southern California's Bullpen West. We said Roy was exploding with ideas—and one of those ideas is a brand-new Giant-Size title called "WHAT IF...?" Now, we've been given to hyperbole in the past, but this time it's safe to say that "WHAT IF...?" is one of the most exciting concepts to come down the pike since THE FANTASTIC FOUR. In fact, it is the FF, and SPIDER-MAN, and HULK, and—aw, nuts. Just wait till you see it, compadre. It's a knockout.

ITEM! Speaking about Bullpen West reminds us that we've managed to talk JACK KIRBY into lending his titantic touch to yet another of our cavorting characters—one the King designed 'way back when he and Smilin' STAN LEE produced our fabulous Fantastic Foursome. We won't tell you which book Jack is going to take over (we have to have some secrets, don't we?), but we will tell you this—it's going to be King working with King. And if that piques your interest just a little, old friend hang in there. We'll present a stainless steel, platinum-plated **no-prize** to the first Marvelite who guesses which of our heroes we mean. No peeking now, effendi!

ITEM! Now here's a newsflash, also from Bullpen West, San Francisco division. Stainless STEVE ENGELHART, whom we all know and love as steady scripter of DOCTOR STRANGE, is moonlighting as a professional astrologer. It seems Steve has always had a passing interest in the stars, and his involvement with the adventures of the Master of the Mystic Arts brought that involvement to a climax. For the past few months, in between bouts on the AVENGERS and the aforementioned good Doctor, our boy on the Bay has been preparing horoscopes commercially. (Which begs the question—when are we gonna get ours, amigo?) So, if you're ever up Frisco way and you're curious about your future—Stainless Steve is definitely the man to see. And that's the truth.

ITEM! Every Friday a gang from the Bullpen haunts the nearby Brillo Coffee House during lunch, and on various Fridays this menage includes almost everyone who strolls through the office—from Lively LEN WEIN to Dapper DON PERLIN, not to mention our powerhouse editorial staff and our boyish Editor Emeritus. Last Friday, while we were all waiting for the Brillo's famed Bunsen Burner Burger, we pulled out our advance copies of GIANT-SIZE CONAN, GIANT-SIZE TWO-IN-ONE and (of course) GIANT-SIZE SPIDER-MAN. Well, friend, the burgers may have been rancid and rotten, but our novel-length mags made up for all the heartburn. We could tell you how wonderful they are, but we couldn't do them justice without stretching your capacious credibility. We promise you this, though—they're the best GIANT-SIZE books we're publishing this month! 'Nuff said!

ITEM! Before we forget (or get squeezed out of space), we should mention that STEVE "Baby" GERBER has received permission to sell a HOWARD THE DUCK FOR PRESIDENT button to all your faithful feather-followers. It's available for $1.00 plus 25¢ for postage and handling, and you don't write us, you write him, care of MAD GENIUS ASSOCIATES, Room 806, 850 Seventh Avenue, New York, NY, 10019.

And before we forget—don't miss our Super-Bicentennial Special, on sale in June! 'Nuff said!

See you next month, True Believer.

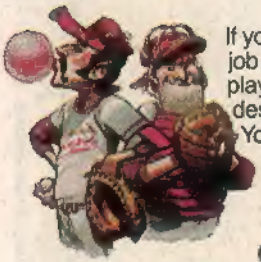
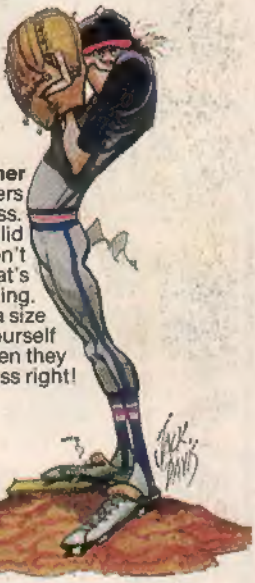
Your game is specialized. Now YourGlove™ is, too!



If you catch or play first, you need a specialized glove to do the job right. Everybody knows that. But what if you pitch? What if you play the infield? Or the outfield? Fact is, you need a glove designed specifically for each position on the field. You need YourGlove™. And only Spalding makes it.



Pitcher
Fooling hitters is your business. You need a solid web so they won't know what's coming. And extra size to protect yourself when they guess right!

Outfield
You need a gigantic glove to reach every ball in the park (and an occasional one that's on its way out of it). The extra flexible H-web helps you line up the ball in the air and hang onto it when it comes down. No matter how hard *you* come down.

Infield
Your glove has to be as quick as you are. It's a wide glove with squared-off fingers so you can get more of it down in front of the ball. It has a shallow pocket so you can find the handle and unload in a hurry. To any base. From any angle.

YourGlove™ by Spalding.
Exclusive features include: single piece Crown Back design for superior shape and comfort; adjustable thumb and finger loops and wrist strap to fit any hand for superior control; top grain American leather to last a lifetime.

YourGlove™ deserves a shirt to match!

For a T-shirt with your position pictured on the front, send $4.95. Or send $2.95 plus the sales receipt and warranty card from YourGlove™ to:
